

Assignment 3

Drawing stuff report

Flow Overstack Team

Cesana Filippo

Hartmann Kathrin

Rodolfo Masera Tommaso

Stucchi Jacopo

Taillefert Stefano

1 Introduction

Write a brief introduction referring back to your project and its basic concepts.

2 Persona

Describe briefly your design persona as distilled from the analysis of data gathered during Contextual Inquiry.

3 Ideation and sketching

Describe your ideation and sketching process and how these two activities fit together.

4 Workspace and materials

Describe your workspace and the materials you used.

5 Photos

If appropriate, show photos of your team at work.

6 Sketches

Show scans of selected sketches.

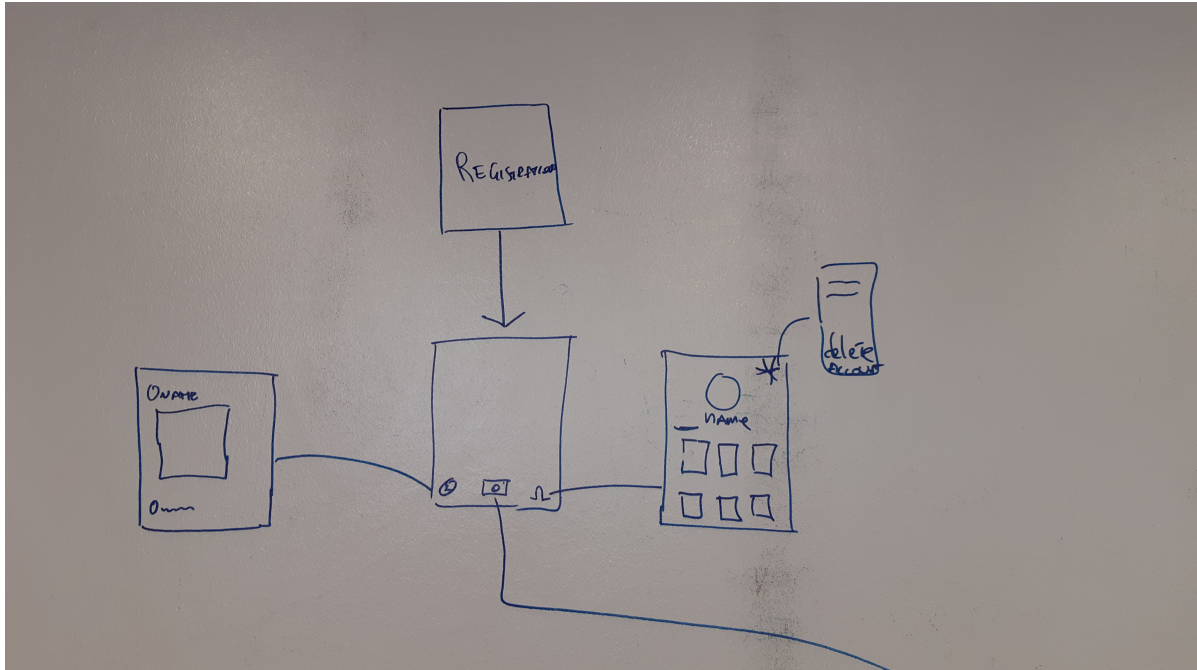

Figure 1: The very first sketch

7 Storyboard

Show your storyboard (probably as scans or photos), and explain the process very briefly. Explain the frame that shows the transition from one adjacent frame to another.

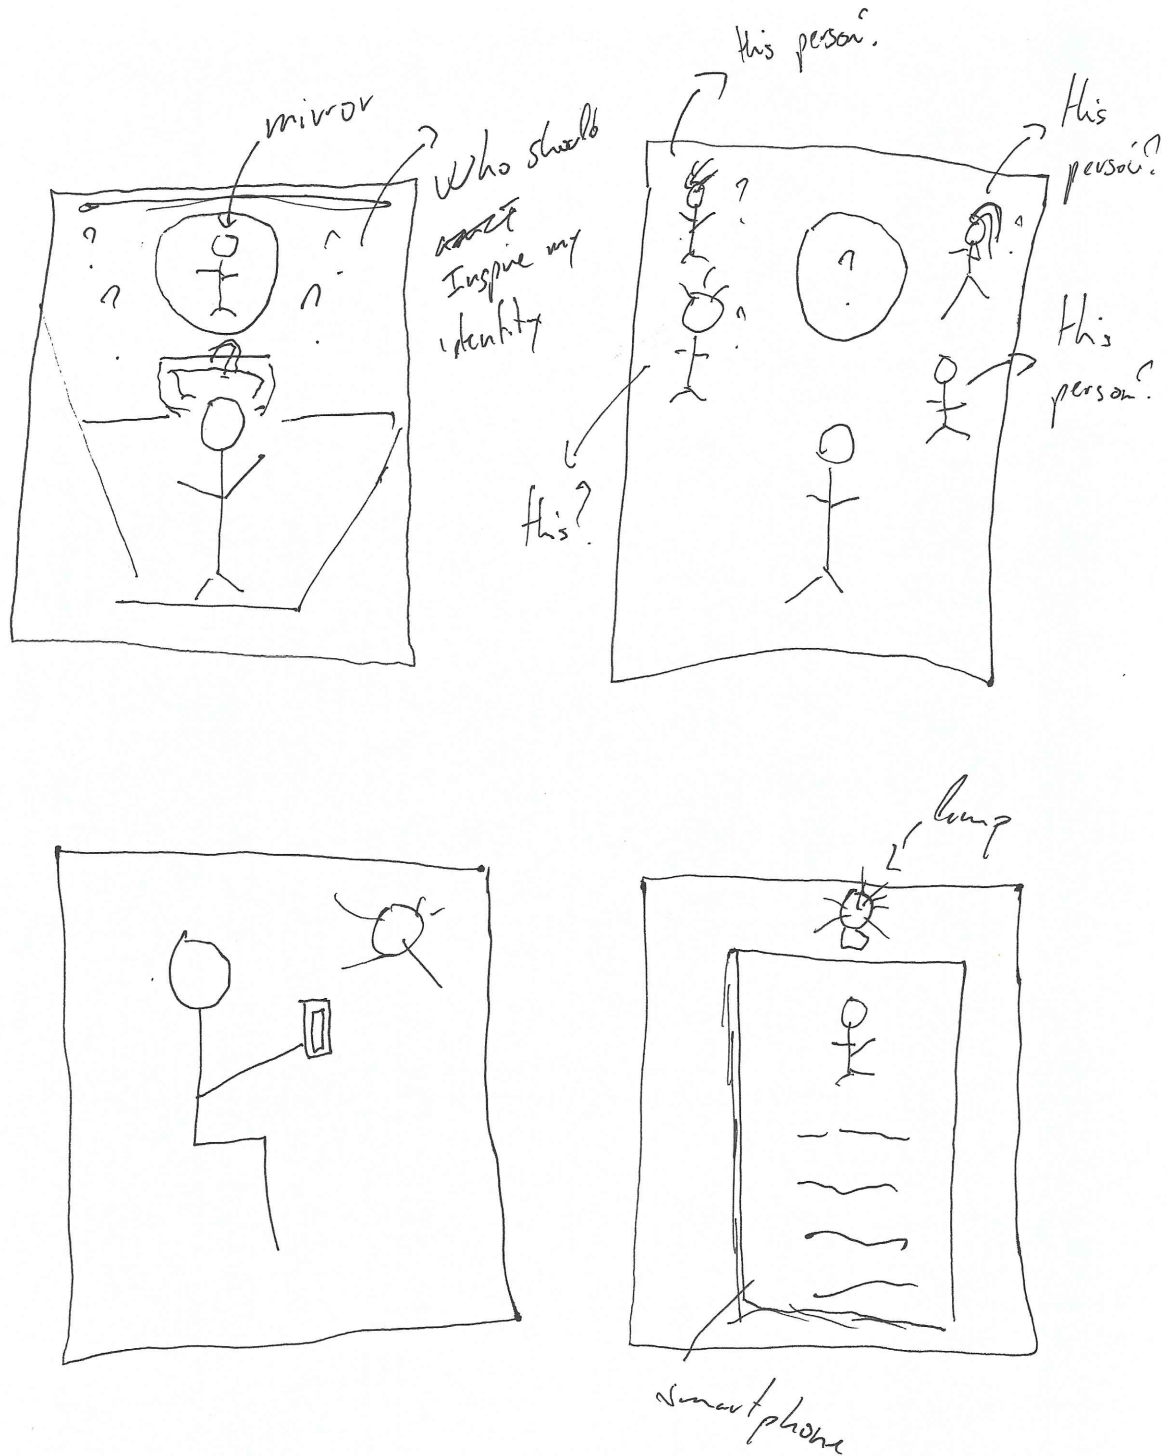

Figure 2: The First Story (by Filippo)

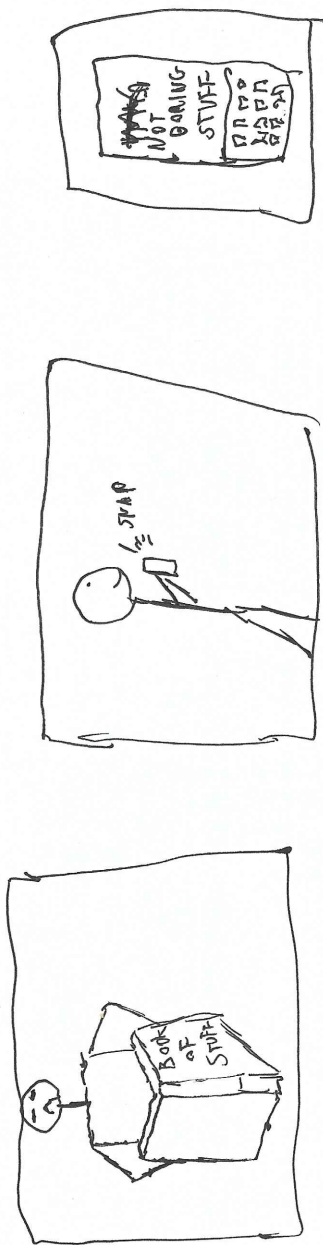

Figure 3: The Second Story (by Tommaso)

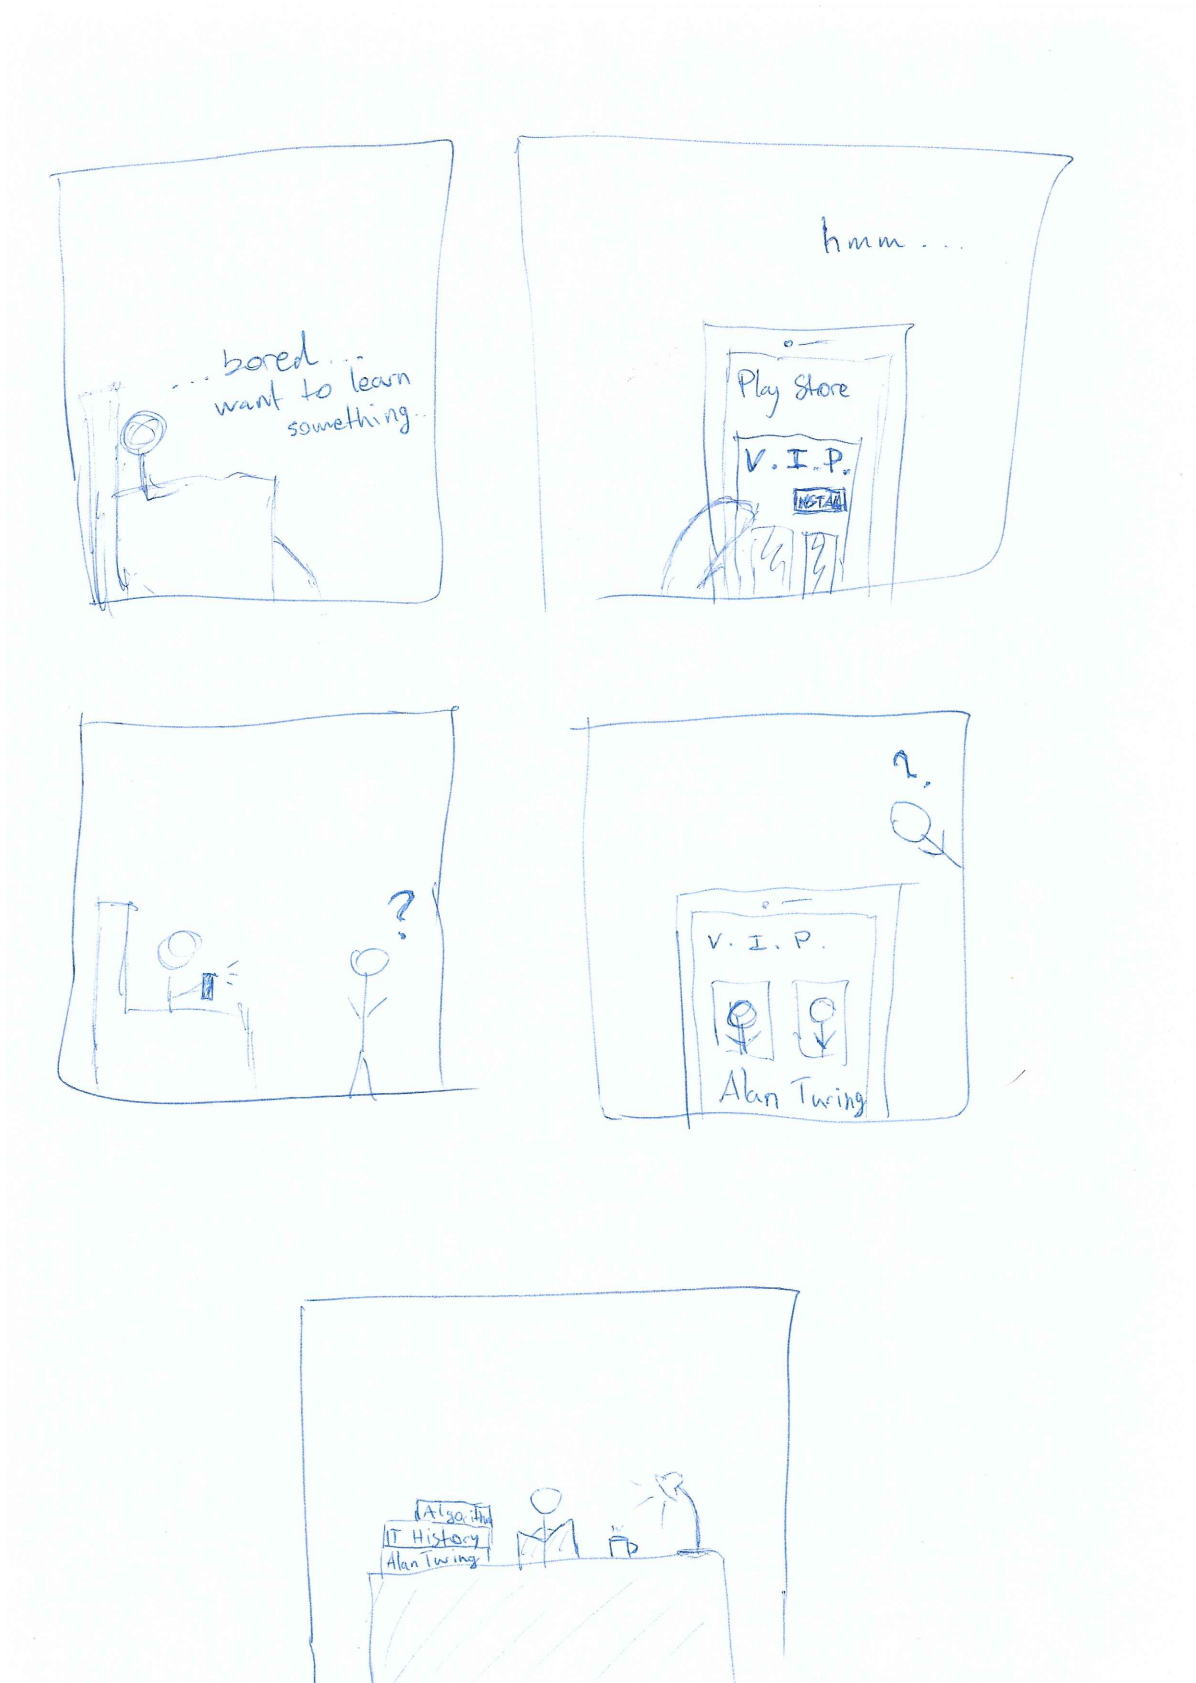

Figure 4: The Third Story (by Stefano)

8 Wireframe

Make a wireframe representation of a set of related intermediate screen designs, corresponding to the usage/design scenario you used for the storyboard above. Show screen layout and navigation.

9 Conclusions

Write conclusions about what you have learned and progress in your project.
